The correct use and maintenance of your changer will ensure it gives long and trouble free use.

Please ensure everyone use your changer know how to use it. The safety of your child is your responsibility.

- **WARNING: DO NOT LEAVE THE CHILD UNATTENDED.** The safety of your child is your responsibility
- Check regularly that all the fittings and screws are correctly tightened and are not damaged. Loose screws can pinch parts of the body and clothing resulting in the risk of strangulation.
- Do not use replacement parts that are not recommended or supplied by Babymore
- Do not place your product in the near vicinity of open fires or other sources of strong heat, such as electric or gas fires.
- Always leave your product clean and dry. Wipe away any spillage straight away. Your product can be cleaned with a damp cloth. Never use harsh abrasives, bleach or strong detergents
- Before use, ensure the dresser is on a stable, level surface.
- Do not allow children to climb on the changer.
- Never use the changer if any parts are broken or missing.
- Never pivot or drag the changer on its feet, must always be lifted by at least two people when moved.
- A changing mat is not supplied with this product. We recommend that you only use size 75 x 45cm changing mat with maximum thickness no more than 1 inch (25.4mm). Place the changing mat on the changing surface, evenly within the retaining rails.

WARNING: WALL STRAP INFORMATION

- The wall strap is only intended to be used with the Babymore product that is supplied with.
- Never attempt to modify or change the wall attachment strap in any way. Never use any other fitting for attaching the strap to your furniture than those supplied
- Never use the screw provided to attach the strap to the wall. No wall attachments are supplied. This is because the type of fittings required to attach the strap to the chosen wall is determined by the composition of wall. If you are in any doubt about the correct type of fittings to use, consult a professional before attempting to attach the strap to the wall.
- The wall strap must not be used to replace any other fitting supplied with your furniture.
- Furniture falling over is generally due to the surface the furniture is placed on. A warped floor or wall-to-wall carpeting will enable the furniture to rock, so greatly increasing the potential for the furniture to fall. If the furniture is placed on a flat level wood or tiled floor the risk is reduced, but we still recommend the wall strap is fitted.
